

**Dear Powerflex Partner**

New Product Release

**Subaru Impreza GH 10/07-on incl. WRX  
Subaru Impreza STi GR 02/08-on**

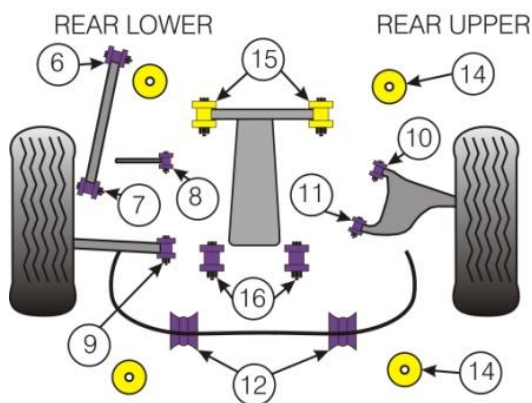

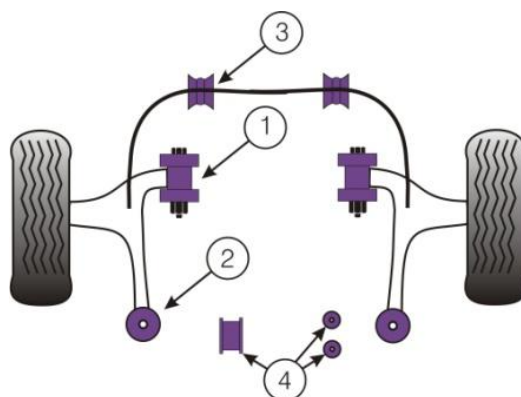

Powerflex is proud to announce a full range of suspension bushes developed for one of the world's most iconic modern performance cars.

Whilst developing the range of Powerflex low compliance polyurethane bushes for the Impreza, a new range of **Geometry Adjustable Components (GAC)** bushes has been introduced to allow on-car camber and caster adjustment as well as incorporating revised AntiLift geometry where possible. All GAC bushes are supplied with the dedicated adjustment tool and detailed installation guides.

For full product listing, please refer to [Powerflex-Subaru Impreza GH](#).

**Until next time, the Powerflex Team.**

ANTI-LIFT CASTER ADJUST-FRONT ARM REAR BUSH

This product is designed to replace front lower control arm-rear bush, and is engineered to provide;

- revised front ANTI-LIFT geometry
- on-car CASTER adjustment
- adjustment range +/-0.33 deg
- low compliance ball & socket bush design for maximum performance
- improved front traction and reduced understeer
- improved high speed stability
- improved steering feel and feedback

[PFR69-510G](#)

CAMBER ADJUST-REAR UPPER ARM FRONT BUSH

[PFR69-511G](#)

CAMBER ADJUST-REAR UPPER ARM REAR BUSH

These products are designed to replace rear upper control arm front and rear bushes, and are engineered to provide;

- on-car CAMBER adjustment
- adjustment range +/-1.0 deg
- low compliance bush design for maximum performance
- ideal for any car due to lack of factory adjustment
- highly recommended for lowered vehicles

Please note: PFR69-510G & PFR69-511G must be fitted together as a complete matching set.

For full product listing, please refer to [Powerflex-Subaru Impreza GH](#).

***Until next time, the Powerflex Team.***
